

DESIGN AND DEVELOPMENT OF A RESPONSIVE WEBPAGE FOR TINY HOPS

By: carlos carranza

PROJECT PROPOSAL

Tiny Hops is a vibrant and growing organization that specializes in rabbit pet supplies such as housing, food, toys, and treat products. As Tiny Hops continues to expand its reach, having a professional and visually appealing online presence is crucial.

Objectives

1. **Enhance Online Presence:** Develop a modern, accessible, and visually appealing website that reflects Tiny Hops' brand identity.
2. **Engage Visitors:** Provide interactive and informative content to engage visitors and convert them into loyal supporters/customers.
3. **Mobile-Friendly Design:** Ensure the site is responsive and functions seamlessly across all devices (desktop, tablet, and mobile).
4. **Ease of Maintenance:** Deliver a clean, structured codebase for easy updates and scalability.

Information

Name of the organizations:

Tiny Hops

Address: IMED 1316, Spring, TX
